

Hello.

I'm 14 years old Mariam Vasadze.

I have 5 sisters da 4 brothers, we are 10. The last sibling was born 3 weeks ago.

I'm very happy to live with my family. My parents try to give us normal life; however it does not happen this way always.

You might laugh on my dream. I'm the eldest and I think that it's better to ask for more comfortable and useful thing rather than cell phones and tablets. Three of us lie on a small-double bed and I dream to sleep on a bigger and fluffy bed.
